President's Pondering

Jo Bienvenu

Summertime will be here soon. For me, summer starts when school closes for vacation! I guess I will be home most of the time, but of course, I'll help committees at the clubhouse do any kind of work. In addition to my earlier three years of retirement, I will finally have my own free time this summer, for the first time since I left my teaching job at Alabama School

for the Deaf. I hope I will remember how to be useful and/or keep myself busy, ha!

It is possible to try to keep up with our wonderful volunteers and members work and I am sure there are more volunteers that I am unaware of. So I am asking you a BIG favor, if you did helped with something or donated anything, please let Deb Kuglitsch or me know. Many thanks!

Most of the officers and board members will be out of town in July, so please be patient with us. No July newsletter! Have a great summer and stay safe!

Austin Deaf Club salutes to Jerry McGaugh and James Duve for their devotion to our club

Almost everyday, only Jerry and James contributed their hard works and dedication to our club pavilion. Please praise and thank them when you see them!

Reminder: No July Newsletter

TINGO/HORNS Rules: A temporary member who wins a big prize (**over \$20**) will receive only one-half of the prize, *after* becoming an active member by paying full membership dues that same night. Spouses/partners must sit across, rather than next to each other. Pay attention to the card leader for more instructions.

BANK NIGHT Rules: Prizes will be awarded based on drawn chips matching membership numbers. The first five prizes will be awarded only to winning members who are present *and* who have also *previously* bought blue tickets the night of the drawing. If more than five prizes are awarded, any member who buy tickets that night may win. The winners need to be present.

FOR YOUR INFO

- FYI, due to officers' summer vacation, there will be no July newsletter.
- Club Painting Party scheduled on June 15 has been postponed to August or September.
- Have a great summer and be safe!

Here are some lesser-known funny health facts about the human body and the parts that make it work.

1. When you are looking at someone you love, your pupils dilate, and they do the same when you are looking at someone you hate.
2. The human head is one-quarter of our total length at birth but only one-eighth of our total length by the time we reach adulthood.
3. Your body gives off enough heat in 30 minutes to bring half a gallon of water to a boil.
4. Blondes have more hair. The average human head has 100,000 hair follicles, each of which is capable of producing 20 individual hairs during a person's lifetime. Blondes average 146,000 follicles. People with black hair tend to have about 110,000 follicles, those with brown hair have 100,000 follicles. Redheads have the least dense hair, averaging about 86,000 follicles.
5. Your body gives off enough heat in 30 minutes to bring half a gallon of water to a boil.
6. In a lifetime, the average person produces about 25,000 quarts of saliva, enough to fill two swimming pools.
7. There are about 60,000 miles of blood vessels in the human body.
8. Heart pumps about 2,000 gallons of blood through those vessels every day.
9. Men without hair on their chests are more likely to get cirrhosis of the liver than men with hair.
10. The human brain cell can hold five-times as much information as the Encyclopedia Britannica.
