Dearest my loyal AAD Members and friends,

Yes, it is hard to believe 2016 has arrived. What is your goal for 2016?

My main goal for 2016 is to have AAD completely finished with renovation as it has been a long wait already.

During the holiday break, we checked Instagram and Facebook almost daily and we could see you all had a wonderful holiday break and returned home safely. I am relieved to return to our routine and have put our crazy holiday shopping crowd to end.

Our NYE party was incredibly successful and I am sure you've heard about it. We all want to thank you from bottom of our heart for your support in this event. We must recognize Ms. JoAnn Benfield for her hard work in being chair. She will share more about it.

I had a meeting with Bradley Gantt and he will hold responsibility of AAD social media (FB & IG) while Susan Sien will continue with the newsletters. My apology in advance for giving no promised date with when the newsletters will be distributed as it depends on our board members. Thank you for your patience.

As always, we want to thank you from bottom of our heart for your loyalty to ADD through your volunteering work and your support. Keep your eyes peeled with our updates about renovation.

If you haven't seen already, please see video here:
